“Le Pass Sanitaire”

In France, you now must have a health passport to be able to go to many places - restaurants, theaters, libraries, cinemas, museums, etc. Thankfully, it doesn't (yet) apply to church worship services. However, it is required if we organize any special event with more than 50 people or in any rented hall. **Please pray with us** as we seek wisdom in trying to organize outreach events within the current sanitary context.

Vaccination Debate in the Senate

The 13th of October, the French Senate will begin debate to decide whether or not to make the Covid-19 vaccine mandatory for *everyone*. Currently, with the health passport in place for those 12 and over, about 74% of the population is completely vaccinated (over 80% of those eligible).

“Baptêmes”

We are planning to have a baptismal service for at least three people in the next month! However because of current Covid restraints and a lack of space in our old, cramped building, we will be renting a local town hall to conduct the baptisms. We thank the Lord for these three baptismal candidates. We are also praying for numerous people who are so close to salvation! We would love to see them be baptized after a profession of faith in Christ! **Pray** as well for the many visitors who will come to the baptismal, who don't yet know Jesus as their Savior!

Together in the harvest!

Lance, Amy, Kirianna, Aliyah, Cannon and Kayne Auterson
